Good Afternoon John,

Thank you for the additional information. I have no issues or concerns with the approach you have proposed for the long-term care of the Weaver Cemetery and I do not require any additional information requests. I will send a formal letter stating as such tomorrow.

Nancy:

Thank you for the opportunity to speak with you this afternoon. As discussed, I have attached the proposal by the applicant's cemetery architect for preservation of the Weaver burial site and implementation of certain design features. In addition to the project design features set forth in my 9/16/15 email attached, the Applicant intends on carrying out the recommendations in the G&W letter as part of its project design.

If you require any further information or have any additional questions, please contact me at your convenience.
